Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Wednesday 13 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Murky and largely wet on Wednesday and Thursday.

Today:
A cloudy, murky day with persistent light rain and drizzle for most, moving slowly eastwards. Becoming drier and milder in western parts during the afternoon, but remaining cold with extensive low cloud in the east. Maximum temperature 11 deg C (52 deg F).

Tonight:
Rain becoming heavier in eastern parts during the evening and overnight, remaining rather cold. Milder and damp elsewhere, with a few outbreaks of drizzle. Minimum temperature 2 deg C (36 deg F).

Thursday:
Another wet day with persistent and occasionally heavy rain, particularly in the east where it is going to remain cold. Mild elsewhere. Maximum temperature 11 deg C (52 deg F).

Outlook for Friday to Sunday:
Cold on Friday, with early morning frost and isolated fog patches. Windy with rain on Saturday, occasionally heavy. Breezy, brightening up on Sunday, with perhaps rain in the morning.
